

Decatur High School Math Department
GRAPHING CALCULATOR RENTAL AGREEMENT
rental cost = \$20 per academic year

We, the undersigned student and parent, accept responsibility for a TI83/84 graphing calculator that we have borrowed from Decatur High School's Mathematics Department. We understand we will return the said calculator (*with matching serial number*) to the mathematics department, in good condition, before the end of the school year.

Failure to return the calculator in good condition will result in the borrower's responsibility to either

1. pay DHS to replace the missing or damaged calculator (...our vendor charges us \$110)

OR

2. find a replacement TI83+ calculator and be able to provide proof of purchase (e.g. ebay and amazon have *used* graphing calculators for significantly cheaper than what DHS can source!)

We are responsible for obtaining batteries for the calculator. By signing below, we have accepted these responsibilities and terms regardless of circumstances surrounding the loss or damage of the calculator.

Happy Calculating!!

<i>To be completed by Mr. Custer (room 2140)</i>	<i>To be completed by the student and student's family...</i>
