Accreditation

All schools in the City Schools of Decatur are accredited by AdvancEd (formerly known as the Southern Association of Colleges and Schools).

After-School Plans

After-school plans for your child should be made at the beginning of the school year and sent in writing to school officials.

If there will be a change in your child's daily routine, please write a note of explanation and send it to school with your child in the morning. In the case of an emergency change in plans, please call the school office by noon. **Please do not send an e-mail. E-mail is not an acceptable way to communicate changes in after-school plans** because you cannot verify that your message has been received and therefore delivered to your child.

After-School Care

We have a list of after school options on our district website. Please visit <https://www.csdecatur.net/domain/129> for information about after school providers in the City of Decatur.

Attendance

Attendance/Truancy Protocol

Attendance is an essential component to a student's academic success. When students are absent or arrive late, they lose important opportunities to learn. Excessive tardies and absences can prevent children from succeeding academically and socially.

Purpose

The purpose of the attendance/truancy protocol is to increase academic achievement and reduce truancy among students in the school system in compliance with the mandates of (O.C.G.A. § 20-2-690-2). Schools will keep a daily record of each student's presence, absence, tardiness, and early departure. An absence, tardy, or early departure will be entered as "excused" or "unexcused" along with the stated reason. A copy of the appropriate documentation will remain on file at the school for verification, if needed, for at least two years. Parents must provide written documentation including handwritten notes or email or appropriate medical documentation (i.e. doctor's excuse, dental excuse, discharge papers, etc.) for all absences from school within 3 school days of the student's return to school. If no written documentation or appropriate medical documentation (i.e. doctor's excuse, dental excuse, discharge papers, etc.) is received, then these absences, tardies, early departures will remain unexcused and appropriate attendance procedures will be followed.

Parent and Student Notification

- A. City School of Decatur will provide each student as well as his/her parent, guardian or other person who has control or charge of the student, with a written copy of the City Schools of Decatur Attendance Protocol and a written summary of the possible consequences and penalties for non-compliance at the beginning of each school year (O.C.G.A. § 20-2-690.1

(c).

If a signed copy is not returned within thirty (30) days, schools will send a copy of the written statement of possible consequences via certified mail, return receipt requested, or First-Class mail to the parent. O.C.G.A. § 20-2-690.1 (c). Attendance Protocol for Schools

C. The principal of each school will be responsible for ensuring that attendance is taken in a timely manner and that accurate records are kept. Principal's designee will notify parents/guardian if a student is absent for the school day. Tardy Protocol:

Attendance is an essential component to a student's academic success. When students are absent or **arrive late**, they lose important opportunities to learn. **Excessive tardies** and absences can prevent children from succeeding academically and socially.

Tardy: A student is tardy when he/she arrives to school after the beginning of the official school day or is not in the assigned class at the beginning of the class period.

Excused: Late arrival to school or class which is a result of reasons defined herein as excused absences or as a result of events physically out of one's control such as inclement weather, health related emergencies, doctor's appointments, compliances with court order, etc.

Unexcused: Arriving late to school or class with or without the knowledge of parent/guardian, as a result of events within one's control, such as oversleeping, parent errands, etc., unless it is an excused tardy.

Early Checkouts: Leaving school prior to the end of the instructional day time or the end of the school day by a parent or legal guardian. Parents and legal guardians are encouraged to schedule all appointments following dismissal if at all feasible. Early checkouts must follow the individual schools checkout procedures.

1. To be considered "in attendance" on a school day for truancy purposes, a student must be present for at least one half of the school day, excluding the lunch period.
2. A parent or legal guardian must bring appropriate documentation (i.e. doctor's excuse, dental excuse, discharge papers, etc.) showing the necessity of an early checkout in accordance with the City Schools of Decatur published attendance policy.

Tardies /Early Check-Out: (Tardies are considered part of the Code of Conduct and Restorative Practices)

Consequences for Tardies Unexcused Tardies/Early Checkouts

- A. Each school will develop school-level guidance for reducing tardiness and early checkouts in conjunction with their school attendance committee. A progressive system should be incorporated in each school whereby appropriate consequences increase based on the number of tardies and early checkouts.

Tardies

A student coming in tardy must report to the office before going to class. No student who has been tardy is eligible for the perfect attendance award. All students are expected to be on time. Promptness is important to a student's success in school.

Board of Education Policies and District Administrative Regulations

The rules and procedures outlined in this handbook are based on the approved policies of the board of education and District Administrative Regulations. Written policies are maintained in the City Schools of Decatur Policy Manual that is now an online publication and housed at www.csdecatur.net.

Cafeteria/Breakfast and Lunch

The school cafeterias serve nutritious meals every school day. Menus are available at the beginning of each month, and all students are encouraged to participate. Breakfast is served daily at all K-2 and 3-5 schools. Students should not bring soft drinks or food items wrapped in packaging from an outside vendor to the cafeteria. Parents are notified at the beginning of each school year about meal prices. Students may pay for meals by the day, week, or month. The money is put in an account setup for each student and basically works like a debit card. Charging of meals is discouraged although sometimes unavoidable. Parents will be notified every Friday by email if the student's lunch account gets below \$2.00.

Free and Reduced Meal applications are sent home with all students at the beginning of each school year. Parents are asked to fill out applications and return them to the office of the principal. Only one application needs to be filled out for all members of a family. Applications must be turned in every year. The school nutrition office approves applications based on need and guidelines set by the federal government.

For more information about the School Nutrition program, including how to pay for your child's meals online, please visit Nutrition Department website at <http://www.csdecatur.net/nutrition/>

CSD information systems are operated for the mutual benefit of all users. The use of the CSD network is a privilege, not a right. Users shall not do, or attempt to do, anything that might disrupt the operation of the network or equipment and/or interfere with the learning of students or work of CSD employees.

All access to the CSD network shall be preapproved by the principal or program manager, or their designee. The school or office may restrict or terminate any user's access, without prior notice, if such action is deemed necessary to maintain computing availability and security for other users of the systems. Other disciplinary action may be imposed as stated in the City Schools of Decatur Code of Conduct and Restorative Practices Handbook.

CSD implements internet filtering in accordance with the federal Children's Internet Protection Act. Schools will continue to educate students on personal safety practices and effective techniques for identifying and evaluating information and its sources. CSD cannot warrant that students will be prevented from accessing inappropriate material or sending or receiving inappropriate communications; however, the district has an Internet Safety administrative regulation with the objective of keeping students safe when using school system technology resources.

The school system reserves the right to monitor, inspect, copy, and store at any time and without prior notice any computer or network file(s) and information, computer and network usage data, or any information transmitted or received in any form through the CSD network and/or with CSD equipment. All such information and files shall be and remain the property of the school system.

This AUP applies to all students who have access to CSD resources, including during e.g. school breaks, holidays, placement in alternative settings, and study-abroad opportunities.

Respect for Others

Users should respect the rights of others using the CSD network by:

- Using assigned devices as directed by the teacher.
- Being considerate when using scarce resources.
- Always logging off equipment after finishing work.
- Not deliberately attempting to disrupt system performance or interfere with the work of other users.
- Leaving equipment and room in good condition for the next user or class.
- Not accessing, changing, sharing, or deleting files belonging to others.

Ethical Conduct for Users

It is the responsibility of the user to:

- Students are prohibited from downloading inappropriate or illegal material on CSD computers.
- Students are prohibited from bypassing or attempting to bypass the internet content filter.

Personally Owned Computing/Network Devices (BYLD)

To enhance learning, CSD students may participate in a Bring Your Learning Device (BYLD) program by bringing their own learning technology to designated CSD sites. Currently, only Decatur High School offers a BYLD program

BYLD technology means personally-owned, internet-accessible, wirelessly connected, and portable equipment used for instructional purposes. BYLD technology must allow access to the internet through a web browser and be capable of accessing the BYLD network.

Students using personally owned electronic devices must follow the policy stated in this document while on school property, attending school-sponsored activities, or using the CSD network.

- A user provides their own BYLD technology, and CSD is not responsible for the setup, power needs, or support of such devices.
- Students are not required to bring BYLD technology to school.
- BYLD technology may connect only to the designated BYLD wireless network, and users must use only the individual passcode specifically assigned to them. Students are only permitted to connect to the CSD Wi-Fi network (not private cellular service) while on CSD premises.
- The school's internet content filters will be applied to the CSD BYLD network and students are prohibited from circumventing them. Users are prohibited from using any unauthorized mechanism that has the intent or effect of bypassing the internet content filter.
- When applicable, appropriate virus-checking software must be installed, updated, and made active prior to any personally owned computing device being placed on the CSD network.
- Users are prohibited from accessing or attempting to access, probing, or scanning information systems or other devices residing on any CSD network. Users are prohibited from accessing or attempting to access devices or resources to which they have no explicit, legitimate right granted by CSD. No device placed on the CSD network can have software that monitors, analyzes, or may cause disruption to the CSD network.
- CSD is not responsible for any device or data loss, theft, damage or other associated costs of replacement or repair as a result of a student participating in the BYOD initiative.
- CSD staff will not be responsible to store, support, or troubleshoot a student owned device.
- Students will take full responsibility for any personally owned device and will appropriately secure all devices when not in use.
- Students are not to record electronically instructional programs or any conversation involving a school official, without the official's advance permission to do so.
- Activities on the CSD network may be subject to discovery under the Freedom of Information Act (FOIA). CSD reserves the right to monitor and investigate all devices and activities on the CSD network. The device may also be confiscated by school authorities in accordance with the Code of Conduct.
- CSD reserves the right and authority to retrieve and inspect BYLD technology if there is a reasonable suspicion the BYLD technology was involved in a violation of this AUP and/or the Code of Conduct.

Cybersafety Notice for Families

City Schools of Decatur, as a recipient of E-Rate funds, is required to have in place a versatile cybersafety system.

CSD will:

- Enhance learning through the safe use of technology, and do its best to keep the students and their data safe online. This includes working to restrict access to inappropriate, illegal, or harmful material when students use, on- or

off-campus, CSD-owned equipment/devices and/or CSD-issued service credentials (e.g. CSD G Suite for Education). Additional information is available at <https://www.csdecatur.net/Page/3524>.

- Work with children and their families to develop an understanding of the importance of cybersafety through education designed to complement and support the use agreement. Some useful information for families is available at <https://www.csdecatur.net/technologyathome>.
- Provide children with cybersafety strategies.
- Respond to any breaches in an appropriate manner.
- Welcome inquiries from students and families about cybersafety or privacy issues.

Parent/guardian responsibilities:

- Read this cybersafety use agreement document.
- Discuss the information with my child and explain why it is important.
- Support the school's cybersafety program by encouraging my child to follow the cybersafety rules, and to always ask the teacher any questions about technology use.
- Contact the school to discuss any questions I might have about cybersafety and/or this use agreement.

Student responsibilities:

- Review this cybersafety agreement with a parent/guardian.
- Follow the cybersafety rules and instructions whenever using the school's technology.
- Follow the cybersafety rules whenever using privately-owned technology on the school site or at any school-related activity, regardless of its location.
- Avoid any involvement with material or activities that could put at risk the safety or privacy of any student, the school, or other members of the school community.
- Take proper care of school technology, with an understanding that being involved in the damage, loss, or theft of CSD-owned equipment/devices can lead to the student/family being responsible for the cost of repairs or replacement.
- Ask a teacher if they have any question about this agreement.

Curricular

How we dress is a form of social communication and part of becoming college and career ready. By learning this form of communication, students develop personal identity and responsibility, as well as awareness of their impact on, and interdependence with, the larger community. While CSD acknowledges the right of students to express themselves through their fashion style, the need to maintain a safe and orderly learning environment necessitates placing certain parameters around this expression. Dress Code missteps are treated as teachable moments rather than disciplinary offenses (see ** in the chart for exception and also consequences section for information dealing with students making repeated dress code missteps).

Developmentally Appropriate

Students, depending on their age and grade level, have different academic, physical, and social-emotional needs. The Dress Code recognizes this by adjusting expectations as students grow.

Equitable

In keeping with CSD’s mission to foster safe and inviting schools, the Dress Code strives to be equitable for students across gender identity, race-ethnicity, body type, religion, and socioeconomic status. No aspect of the Dress Code should infringe on a student’s physical, cultural or religious needs. Anyone feeling an aspect of the Dress Code is not equitable is welcome to share this with the school administration.

Manageable & Current

While the Dress Code is curricular, it takes a backseat to the academic curriculum. Thus, it should be as easy as possible for students to execute and faculty to monitor consistently. In order to ensure this, as well as reflect what is available and affordable to families (noting some “fashionable” styles will not be appropriate for school), the Dress Code is regularly reviewed by the faculty and stakeholders.

When Principles Collide

In instances when guiding principles are at odds with each other, CSD seeks to balance the principles as best it can. Ultimately, the school administrator or designee must be respected in making an appropriate judgment on such matters. A student found to be out of Dress Code will be directed to change clothes. Students are encouraged to have a change of clothing available.

Do’s and Don’ts

Do	Don’t
Show your bright, beautiful face. Dress comfortably for learning and varying temperatures. Dress safely for navigating the halls, stairs, physical education, career tech and science classes (see specific class safety contracts; e.g. Science Lab Safety Contract).	CSD needs to be able to identify students. Therefore, hats, hoods, and bandanas are not permitted. CSD needs everyone to actively listen and be aware of their surroundings. Therefore, earbuds/headphones are permitted only for instructional purposes.

<p>Dress in clothing that is culturally or religiously appropriate and/or medically necessary.</p> <p>How we dress is a form of social communication and part of becoming college and career ready. Therefore, dress to cover your waist, torso, midriff, chest, and undergarments.</p> <p>Do comply with any school, classroom or event specific guidelines.</p>	<p>CSD needs to maintain a safe and orderly environment promoting respect and care for self and others. Therefore:</p> <ul style="list-style-type: none"> • Attire which advertises, depicts or refers to use or possession of tobacco, alcohol, drugs or other illegal substances, gang activity, and weapons or includes profanity, ethnic, racial, sexual, religious slurs or obscene language, actions or gestures are not permitted.** • Garments designed to be worn as under layers such as long underwear, tights, and leggings should not be worn as an outer layer.

Common Sense Recommendations

Dress up for in-class or community presentations.

Avoid crocs, flip flops or other loose fitting footwear that jeopardizes safety and freedom of movement for emergency situations, recess, field work, active classroom experiences, and Physical Education classes.

Consequences

A student whose attire does not comply with the guiding principles and Dos and Don'ts will be expected to change, cover or otherwise adjust their attire.

While Dress Code missteps are treated as teachable moments rather than disciplinary offenses, students who make repeated "missteps" may be assigned an age-appropriate consequence. For example, a student may be required to attend detention, at which time they would complete a pre-planned lesson related to the guiding principles. It is developmentally appropriate that students think in concrete terms and employ literal interpretations, so the lesson might include specific examples and images -- with care taken to demonstrate cultural competence.

Drug-Free Schools

City Schools of Decatur has a drug-free schools program that includes age-appropriate, developmentally-based drug and alcohol education and prevention programs for all students at all grade levels. Mandated and funded by the Drug-Free Schools and Communities Act of 1986, the program is coordinated by a school counselor. Information about alcohol and drug treatment services in the community is available for students and their families. (Policy JCDAC: Student Drug Use)

Early Check Out

We do not encourage parents to pick up their students before the end of the school day. If, however, you must pick up your student before dismissal, please send a note to the teacher and stop by the front office to sign your student out. A staff member will notify the teacher to dismiss your child. Also, please follow individual school instructions for Early Check Out.

No student will be able to be dismissed before the announced time unless the parent picks up his/her own child or lets the school know about other arrangements. **Email is not an acceptable avenue to communicate early check-out.** We are concerned for the safety of our students. Please understand that we are very careful about this procedure.

Emergency Dismissal

City Schools of Decatur is not part of the DeKalb County School System. For school closing information about our schools, tune into the following radio or TV stations: WGST (640 AM, 105.7 FM), WSB (750 AM 98.5 FM), WSTR (94.1 FM), WAGA (channel 5), WGCL (channel 46), WSB (channel 2), or WXIA (channel 11). [Listen for City Schools of Decatur](#). Often we will go to school when the county does not because we do not have extreme transportation problems in our small geographic area.

In case of an emergency early dismissal, no child will be left without a place to go. An adult will stay at school or an announced designated location until arrangements are made for all students.

If you as a parent want to make specific arrangements with your child, neighbors, and friends and want to notify the school of these arrangements, please call the school, stating what your child is to do if you are not home. Please tell your child and the school where he/she is to go in case of an early dismissal before an emergency arises.

In the case of emergency situations, please do not call the school if at all possible. Lines should be clear. However, if you have a change of plans or find it necessary to call for any other reason, please call and leave a message. Please instruct your children that if they go to someone else's house, they should keep calling you at a designated number until they reach you.

City Schools of Decatur may use an automated calling service (robo call) to notify families of emergency dismissals. The calling service will utilize the phone number(s) that have been provided to the school through your child's registration materials. It is your responsibility to notify the school of any change in contact information.

Emergency Drills

In each classroom are posted charts that indicate the exits and safe areas to be used for safety drills. A fire drill is held twice in the first month of school and then once every month thereafter. Students are expected to file out of the building in an orderly manner without talking or running. Classes will remain on the grounds until the "all clear" signal. All schools participate in the state-wide tornado drill, and each school has a safety plan for other emergencies with corresponding drills planned throughout the year.

Equity Information

In City Schools of Decatur, we are committed to aligning educational practices, policies, and resources to ensure that all students have access to and feel welcome to participate in high-quality learning experiences, regardless of race, socioeconomic status, gender, ability, religion, sexual orientation, linguistic diversity, or other cultural characteristics.

Consistent with the District's Strategic Priority to Reduce Disproportionality, the Department of Equity and Student Support is committed to understanding the root causes of disproportionality in CSD, providing input on discipline policies and practices and culturally relevant pedagogy, engaging faculty and staff in cultural awareness and cultural proficiency professional learning activities, and strengthening family and community partnerships.

CSD Equity Definition and Beliefs

We define educational equity as ALL students having the resources, opportunities, and rigorous and relevant learning to ensure their educational success.

We believe that educational equity requires...

- high expectations for all students.
- a culture that celebrates and is reflective of and inclusive of all students and staff regardless of age, belief systems, disability status, ethnicity, gender identity, race, sex, sexual orientation, socioeconomic status, or national origin.
- the systematic use of data to determine the allocation of resources.
- the purposeful development and implementation of district *policies and practices* with a focus on amplifying equity.

In terms of educational equity, we believe that...

- positive relationships form the foundation of an equitable school district.
- a world class education requires racial consciousness, cross-cultural awareness and gender equity.
- all students should be empowered to be active participants in their own learning.
- we must work together to eliminate predictable patterns of academic achievement based on race, socioeconomic status and gender.
- school does not have to look the same for each and every student and outcomes can still be high.
- we must measure our efforts to promote equity to ensure that "all means all."

For questions or concerns related to educational equity, contact Dr. Mari Ann Banks, Equity Coordinator at mbanks@csdecatur.net or 404-371-3601, ext. 1029.

Family Engagement

Opportunities for involvement may include the parent/teacher organizations at each school and parent education and support activities offered by programs such as the Early Intervention Program (EIP). Parents are encouraged to volunteer for various activities throughout the school.

Parents are encouraged to request conferences regarding their child's progress in school. Conferences can be arranged at the request of the parent, the teacher, or the principal. Please call the school office or send a note if you wish to schedule a conference.

Federal Programs: Title I-A, Title II-A, Title III-A and ESOL

Title I, Part A

Title I, Part A is a part of the Elementary and Secondary Education Act of 1965 as amended by the Every Student Succeeds Act (ESSA). This Act provides federal funds through the Georgia Department of Education to local educational agencies (LEAs) and public schools with high numbers or percentages of children from low-income families to help ensure that all children meet the challenging state standards.

School districts target the Title I, Part A funds they receive to public schools with the highest percentages of children from low-income families. These funds may be used for children from preschool aged to high school. Title I, Part A is designed to support state and local school reform efforts by reinforcing and enhancing efforts to improve teaching and learning for students. Title I, Part A programs must be based on effective means of improving student achievement and must include strategies to support parental involvement.

For more detailed information, please click [here](#) or contact Willie Washington, Title & Federal Programs Coordinator, wwashington@csdecalur.net.

Title II, Part A

Title II, Part A was originally authorized as Eisenhower Professional Development and the Class Size Reduction programs under the Elementary and Secondary Education Act (ESEA) of 1965, was reauthorized in 2001 by the No Child Left Behind Act (NCLB) and in 2015 by the Every Student Succeeds Act (ESSA).

The purpose of the Title II, Part A grant is:

- to increase student achievement consistent with challenging State academic standards,
- to improve the quality and effectiveness of teachers, principals, and other school leaders,
- to increase the number of teachers, principals, and other school leaders who are effective in improving student academic achievement in schools, and
- to provide low-income and students of color greater access to effective teachers, principals, and other school leaders.

For more detailed information, please click [here](#) or contact Willie Washington, Title & Federal Programs Coordinator, wwashington@csdecalur.net.

Title III, Part A and ESOL

English to Speakers of Other Languages (ESOL) is the state-funded language instruction educational program for eligible English learners (ELs) in grades K-12 in Georgia public schools (Georgia School Law Code 1981, §20-2-156, enacted in 1985). ESOL language instruction is focused on developing EL students' academic English proficiency in each content area of the Georgia Standards of Excellence (GSE).

The goal of the ESOL language instruction educational program for EL students is to increase both English language proficiency (ELP) and academic language proficiency in content-area subject matter. Successful ESOL language programs focus on collaboration and shared accountability for the success of all EL students.

Title III, Part A is a federal program that supplements the ESOL Language Program. Title III, Part A: Language Instruction for English Learners and Immigrant Students of the Elementary and Secondary Education Act of 1965 as Amended under the Every Student Succeeds Act (ESSA) awards subgrants to eligible Local Education Agencies "to help ensure that English learners, including immigrant children and youth, attain English proficiency and develop high levels of academic achievement in English."

General Education and Multi-Tiered Systems of Supports (MTSS)

MTSS uses a three-tiered process to systematically develop and deliver academic and behavioral interventions to learners who need additional support as well to learners who need additional enrichment and extension. It provides our educators with a common focus and a common language regarding instructional practices and interventions. It can serve as a way to explore all avenues to assist students in their learning process, ensuring that the needs of all learners are met.

Each school has an MTSS team that includes representatives from two or more of the following groups: classroom teachers, administrators, school counselors, nurse, speech and language pathologist, and Central Office representative (school psychologist, school social worker, District RTI/MTSS Specialist), and sometimes special education teachers. The exact composition of the team may be modified based on the specific needs of each student's case. The team meets regularly, usually weekly or bi-weekly and engages in a problem-solving protocol to determine the student's areas of need and to identify appropriate research-based interventions to address the student's learning need(s). The student's progress is monitored and further decisions are made based on that data.

Parents are an essential part of the process. Regular communication occurs throughout the tiers. In addition, parents are invited and encouraged to attend all SST (Tier 3) meetings, where the team makes decisions about additional support and interventions if needed.

CSD Gifted Services Mission

The mission of the Gifted Program is to work directly with students and faculty designing instruction and creating a supportive school environment to meet the intellectual, academic, social, emotional, and motivational needs of gifted and high-ability learners.

CSD Gifted Services Goals

- Ensure equitable access to appropriate services for all gifted learners by using the student identification process and measures defined by Georgia Board of Education policy, employing assessment of multiple-criteria (mental ability, achievement, creativity, and motivation).
- Continually use a variety of data to assess student progress and identify student needs.
- Employ differentiated curricula and research-based instructional practices to address the range of needs of gifted learners, including critical and creative thinking, problem-solving activities, and social and self-awareness.
- Provide services that are comprehensive, structured, sequenced, and appropriately challenging to meet the demonstrated needs of K-12 gifted learners.
- Provide ongoing professional learning for school personnel annually in regards to the nature and needs of gifted learners and appropriate instructional strategies and curricula.

CSD also offers services and programs for talented students outside of and in addition to gifted services, including the AMPLIFY Program, accelerated math, and advanced content courses in high school.

Homework

Homework equips the student with skills and attitudes essential in promoting personal, social, and academic growth. It provides the student with the opportunity to demonstrate understanding of specific concepts and skills. Be aware that the amount of homework varies from grade to grade, from teacher to teacher, and from night to night.

Homework may be classified into three areas.

1. Assignments that reinforce the instructional programs
2. Assignments that develop and enrich thinking skills
3. Assignments that provide practice and skill development

Suggestions for Students:

1. Sit down with a parent/family member to discuss a homework routine.
 - a. Arrange time and place for homework to be done.
 - b. Make study/homework time a phone-free/TV-free space.
 - c. In planning homework time, plan for extracurricular activities such as sports, clubs, band, etc.
2. Read and follow directions to be sure you understand the assignment before you leave the classroom.
3. Be sure you have all materials needed before starting (pencils, books, paper, etc.).

4. Prepare for tests by doing the work when assigned and by reviewing notes/study materials daily.
5. Complete all work with strong effort.
6. Turn homework in on time.
7. When you are absent, find out what assignments you missed.
8. Pay attention and participate in class.
9. Share your work with your parents/family members to see if they have suggestions for improvement.

If you have questions about homework and/or homework procedures, please contact your child's teacher.

Human Development and Sex Education

It is a policy of the Georgia Department of Education (O.C.G.A. 20-2-143) that all State Schools shall provide instruction in the areas of human development and sex education, which will be taught as a part of a comprehensive health program at age, grade, and developmentally appropriate levels. Information explaining this part of the curriculum will be distributed annually. Included in this information will be procedures for reviewing the instructional materials and, if desired, procedures for excusing a student from this instruction.

Media Center

The Library Media Center is open daily for student use. Materials checked out are the responsibility of the student and must be paid for if damaged or lost. Reference books are to be used in the Media Center.

The mission of the Library Media Center at each school is to build a learning community of effective users of ideas and information. This mission is accomplished by:

- Promoting reading and encouraging a lifelong appreciation of books
- Providing access to a variety of materials and technology leading the community to information literacy
- Creating authentic learning experiences through collaboration and planning that will increase student achievement goals and support the school improvement plan

Our Library Media Centers are an integral part of the educational program at our schools. They are the hub of the school and are heavily used by students, staff, volunteers, and families. Please contact your school's library media specialist with any questions or comments, and please be sure to check out the Media Center page on each school's website.

Parental Rights Under the Family Educational Rights Privacy Act and Georgia Student Data Privacy, Accessibility, and Transparency Act

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day City Schools of Decatur receives a request for access.
Parents or eligible students who wish to inspect their child's or their education records should submit to the school principal a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.
Parents or eligible students who wish to ask the City Schools of Decatur to amend their child's or their education record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.
One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest must be set forth in the school's or school district's annual notification for FERPA rights. A school official typically includes a person employed by the school or school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the City Schools of Decatur to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW

In accordance with the Family Educational Rights and Privacy Act, the following information is classified as “directory” information, which may be released to the public without written permission of parents: Student’s name, address, telephone number, date and place of birth, participation in clubs and sports, height and weight if students are involved in athletics, grade level, parent email address, school name, dates of attendance, parent/guardian email address, and awards received; video, film, photographs and recording. The form to opt out of disclosing this information is available at <https://www.csdcat.net/forms>.

FERPA permits the disclosure of PII from students’ education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, § 99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student –

1. To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in § 99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(3) are met. (§ 99.31(a)(1))
2. To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student’s enrollment or transfer, subject to the requirements of § 99.34. (§ 99.31(a)(2))
3. To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency (SEA) in the parent or eligible student’s State. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf, if applicable requirements are met. (§§ 99.31(a)(3) and 99.35)
4. In connection with financial aid for which the student has applied or which the student has received, if the information is necessary for such purposes as to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§ 99.31(a)(4))
5. To State and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system’s ability to effectively serve, prior to adjudication, the student whose records were released, subject to § 99.38. (§ 99.31(a)(5))
6. To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction, if applicable requirements are met. (§ 99.31(a)(6))
7. To accrediting organizations to carry out their accrediting functions. (§ 99.31(a)(7))
8. To parents of an eligible student if the student is a dependent for IRS tax purposes. (§ 99.31(a)(8))

12. To an agency caseworker or other representative of a State or local child welfare agency or tribal organization who is authorized to access a student’s case plan when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student in foster care placement. (20 U.S.C. § 1232g(b)(1)(L))
13. To the Secretary of Agriculture or authorized representatives of the Food and Nutrition Service for purposes of conducting program monitoring, evaluations, and performance measurements of programs authorized under the Richard B. Russell National School Lunch Act or the Child Nutrition Act of 1966, under certain conditions. (20 U.S.C. § 1232g(b)(1)(K))

The Georgia Student Data Privacy, Accessibility, and Transparency Act afford parents and students who are 18 years of age or older (“eligible students”) the right to file a complaint with their local school system regarding a possible violation of rights under O.C.G.A. 20-2-667 or under other federal or state student data privacy and security laws. Partners-In-Education

Partners-in-Education is a joint effort between the school system, local businesses, community churches and the Decatur Business Association (DBA). The goals of the program are to motivate young people, to recognize and encourage teachers, to strengthen school and community relationships, and to meet business partner needs. Schools are asked to assess their needs that are then linked to partner resources. Business partners make formal agreements to support a single school or the entire school district. Representatives from the partners are invited to meetings to share ideas, plan joint programs, and hear about new programs and projects in the schools.

Registration of New Students

When registering students new to City Schools of Decatur please see the Registration page on the CSD website for the most updated information. Registration for students PreK-12 is managed at the Wilson School Support Center, 125 Electric Avenue, Decatur, GA 30030. Please call 404-371-3601 if you have questions.

MAP, Curriculum Night, and optional Parent/Teacher Conference	3rd Reporting Period
Student-led Conference or Parent/Teacher Conference	5th Reporting Period

Residency

The school system takes the issue of student residency very seriously. Procedures have been put in place to provide consistency among the schools, including a registration process at the Wilson School Support Center for new students. Included in these procedures are the requirements that new students provide two acceptable documents to show proof of residency and that all students live within the city limits of Decatur with a parent or legal guardian.

If a Decatur resident has legal guardianship of a student, the student must reside in the resident's home. While the school system reserves the right to verify any information provided at any time, the following residency checks have been put in place: (1) residency checks when students transition from one grade configuration to another; (2) residency checks when concerns have been reported; and (3) random checks of residency. By signing the handbook acknowledgement, I realize that City Schools of Decatur may take steps to verify my address, including, home visits, review of public documents and contacting other government agencies, without further notification.

Responsibility for Property

Students are personally responsible for textbooks, library books, instructional materials, and student desks assigned to them. Any damage must be paid by the individual. Prices will be determined by the current cost to replace the item.

School Health Program

The School Health Program supports the belief that healthy children are successful learners. The school nurse has a multi-faceted role in the school setting... a role that supports the physical, mental, emotional, and social health of students and their success in the learning process. Registered nurses provide health related services for the students at each school. The weekly schedule for the assigned nurse is posted in the school office.

Each student should have an updated health information form on file with the nurse in the clinic every school year. Depending on the school your student attends, the health form will be received with the summer mailing from the school or will come home with your student during the first week of school.

For significant conditions (ex: asthma, diabetes, life threatening allergies, seizures etc.), please contact the nurse immediately to discuss your child's health needs at school. Your child will also need a specific medical care plan filled out and signed by a physician, and co-signed by parent/guardian. The medical care plan will detail the day-to-day care your student requires at school. Throughout the school year contact your child's school nurse to report any new medications or changes in your child's health.

Medications

Medications, including over the counter medication, can be administered to students with parental permission. All medication should be taken directly to the office/clinic by the parent. Prescription medications must be brought to school in the original container labeled with the student's name, date, name of medication, name of prescribing physician, dosage, time(s) the medication is to be given, and name of pharmacy filling the prescription. OTC medications must be brought to school in a new, original sealed manufacturer's container. The manufacturer's label must include name of medication (brand or generic), strength of medication, instructions for use, and name of student written legibly.

A student who has asthma or a severe allergy and whose parent/legal guardian has submitted written authorization to the school authorizing the student to self-administer the asthma (inhaler)/allergy (epi-pen) medication may possess and use the indicated medication:

- a. while in school;
- b. at a school sponsored activity;
- c. while under the supervision of school personnel; or
- d. while in before-school or after-school care on school operated property.

Health Requirements

Each student entering the school system for the first time regardless of grade level must present the following health related documents at registration:

- a) Documentation of required immunizations on Ga. Department of Public Health (DPH) Form 3231 or a completed, notarized and signed Affidavit of Religious Objection to Immunization (DPH Form 2208). Religious Objection form can be downloaded at (<http://csdecalur.net>). Click on Families>Forms and Handbooks>Medical Forms.
- b) Documentation of vision, hearing, nutrition, and dental screening on Ga. Department of Human Resources Form 3300. Consult with your physician or DeKalb County Health Department for assistance to obtain the necessary documents. Georgia Code (OCGA 20-2-771) states “ No child shall be admitted to or attend any school or facility in this state unless **state** child shall have submitted a certificate of immunization to the responsible official of the school or facility. The official of any school or facility may grant a 30 calendar day waiver of the certification requirement for a justified reason.” For information related to 30-day wavier, contact Patrice Moore, District Registrar at 404-371-3601 x 1063.

School Safety Zones

School safety zones are established within 1,000 feet of all schools. It is unlawful for any person, unless authorized by law under certain circumstances, to carry any weapon or explosive compound within a school safety zone or at a school building, school function, or school property or on a bus furnished by the school. If any person is in violation of this law, proper authorities will be called immediately to have the person removed from the premises.

Disruption of or interference with the operation of a public school shall be considered a misdemeanor. It is unlawful for any person to remain within the school zone when that person does not have a legitimate cause or need to be there. Failure to leave the premises when requested is grounds for a charge of a misdemeanor. This also applies to members of the press.

Sexual Abuse or Misconduct Reporting

Any teacher, counselor, or administrator receiving a report of sexual abuse or sexual misconduct of a student by a teacher, administrator or other employee shall make an oral report of the incident immediately by telephone or otherwise to the school principal or principal’s designee, and shall submit a written report of the incident to the school principal or principal’s designee within 24 hours. If the principal is the person accused of the sexual abuse or sexual misconduct, the oral and written reports should be made to the superintendent or the superintendent’s designee.

Any school principal or principal’s designee receiving a report of sexual abuse as defined in O.C.G.A., 19-7-5 shall make an oral report immediately, but in no case later than 24 hours from the time there is reasonable cause to believe a child has been abused. The report should be made by telephone and followed by a written report in writing, if requested, to a child welfare agency providing protective services, as designated by the Department of Human Resources, or, in the absence of such agency, to an appropriate police authority or district attorney.

Reports of acts of sexual misconduct against a student by a teacher, administrator or other employee not covered by O.C.G.A. 19-7-5 shall be investigated immediately by the school or school system personnel. If the investigation of the allegation of sexual misconduct indicates a reasonable cause to believe that the report of sexual misconduct is valid, the school principal or principal’s designee shall make an immediate written report to the superintendent and the Professional Standards Commission Ethics Division.

Social Workers/ Counselors

In accordance with the accrediting standards of AdvancEd, a school social worker and/or counselors are assigned to each of the elementary schools, middle school, and high school. The school social worker and counselors are part of the interdisciplinary team that is focused on ensuring that students are successful within the school environment.

The school social worker and counselors advocate for students and families. They support students and staff by providing consultation with parents, individual and/or small group counseling, crisis intervention, preventative education through whole classroom guidance, and may serve as members of the student support team.

Special Education

City Schools of Decatur ensures that students with disabilities ages 3-21 that reside in the City of Decatur and who have met the [Georgia Special Education eligibility requirements](#) receive a Free Appropriate Public Education (FAPE) in accordance with federal, state, and local regulations to students with disabilities (SWDs). This is accomplished by partnering with students, families, schools, and the community.

Special Education programming and services are provided on a continuum, ranging from consultative to full special education services. This continuum is designed to ensure that programs are available to students with disabilities and that the least restrictive environment is determined based on unique student needs. An [Individualized Education Program](#) or Plan (IEP) is drafted after a student meets the eligibility requirements. These plans are based on student present levels of performance data and are reviewed at least once annually.

For more detailed information, please click [here](#) or contact Frank DeFilippo, Special Education Coordinator, at fdefilippo@csdecatur.net or Frances Holt, Special Education Director, at fholt@csdecatur.net.

Teacher Qualifications

As a parent or guardian of a student in CSD, you may request information regarding any teacher that teaches your child. You may request information related to the following professional qualifications:

- Whether the teacher has met the Georgia Professional Standards Commission requirements for certification for the grade level and subject areas in which the teacher provides instruction;
- Whether the teacher is teaching under an emergency or other provisional status through which Georgia qualifications or certification criteria have been waived;
- The college major and any graduate certification or degree held by the teacher;
- Whether the student is provided services by paraprofessionals, and if so, their qualifications.

Telephones/Cell Phones

All students must secure permission to use the phone. Reasonable phone requests will be granted; however, students may not use the phone to call parents to come for them in the afternoon, to get permission to go visit, or to bring something that has been forgotten. Children do not leave the classroom to take telephone calls. The principal or secretary will be glad to deliver messages if a parent needs to contact a child.

Cell phones are not permitted at school. If a child brings a cell phone to school and it is lost or damaged, the school cannot be held responsible.

Testing

The standardized testing program in the City Schools of Decatur is designed to provide information to the staff and the community about student performance. As a result, a combination of required state and locally recommended standardized tests provides necessary information for making sound decisions about the elements of the curriculum, the best way to deliver the curriculum, and instructional modifications that might be needed to meet the needs of individual students.

In assessing student performance, teachers use the results of teacher-made and publisher-designed assessments as well as their own observations to make decisions about instructional modifications, reporting progress, and eligibility for promotion from grade to grade. Parents may discuss the results of standardized tests with the school principal and teacher(s). Consult individual school calendars for a testing schedule for your child.

Transportation

City Schools of Decatur's Transportation Department requires that a completed Transportation Request Form be on file for each CSD student who needs school bus transportation. The Transportation Request Form must be completed every school year. The forms are available in the school office and on the district website. Forms should be filled out, signed, and returned to your child's school.

Riding the school bus is a privilege. Student behavior is expected to be the same as in the classroom and this requires students, parents, bus drivers, and school administrators to work together. Students who misbehave while riding the school bus may lose this privilege.

Use of School Buildings/Grounds

City Schools of Decatur facilities are available for rental for community events. Contact the Facilities and Maintenance Department office at 404-371-6677 with your request at least two weeks prior to your event. Administrators and support staff at the desired facility will review the request to determine if it can be accommodated. Fees are charged for use of the space and for support staff who must be present to secure the building.

Visiting the Classroom

The board of education recognizes the importance of a safe environment for students and staff. Parents and other visitors are welcome in the schools at the discretion of the principal. Upon entering school property, each visitor shall give reason for visit and register with name, date, and time of visit. When the visit has been completed, the visitor shall register time of departure.

According to state law it shall be unlawful for any person to disrupt or interfere with the operation of any public school, and any person violating this code shall be guilty of a misdemeanor. In implementing this policy, the principal may use discretion during special school functions.
